Executive Profile

Dr. Tony Brooks

Chief Financial Officer and VP, Entrepreneurship & Commercialization

Dr. Tony Brooks is a senior executive with over 25 years of experience in the life sciences, not for profit and public accounting environments. He leads our finance, HR, administration and Entrepreneurship and Commercialization areas.

Throughout his career, Tony has worked with both large and small life sciences companies and brings the vast knowledge he has gained to lead our Industry Innovation Program funding early stage start-ups. He believes in applying best practices, integrity and risk management to deliver high quality outputs. Tony is a member of the Chartered Professional Accountants of BC and the Institute of Chartered Accountants of Scotland. He holds a PhD in developmental biology from the University of London, England and a BSc from the University of Reading..
