

Steven Zicherman

Director, Equity Analyst, Odlum Brown Limited

Steven Zicherman is an Equity Analyst at Odlum Brown Limited. He has over 20 years of experience providing analytical coverage for various market sectors, including information technology and health care.

Prior to joining Odlum Brown, Steven was a Portfolio Manager at a major global financial institution, where he focused on Canadian equities. Steven has also worked for a Canadian financial institution's venture fund, evaluating businesses for the fund's portfolio, and as a research analyst for a major European bank.

Steven has a Bachelor of Arts degree in Statistics from the University of Western Ontario, an MBA from Dalhousie University and is a Chartered Financial Analyst (CFA) charterholder.
